LAUGHTERLINES

HELPING YOUNG PEOPLE REALISE THEIR CREATIVE POTENTIAL...

ABOUT

Laughter Lines is a 6 week programme delivered by a professional comedian / creative writing practitioner. Working with Key stages 3 and 4 the participants will work towards developing a piece of creative writing using the different styles of comedy that they have learnt. The project will culminate in a performance at which young people will perform their work to friends, family and their peers...

Laughter lines uses comedy to engage young people in reading and creative writing. The project will unlock young people's creativity and encourage them to experiment and have fun with words and language. They will explore the use of comedy in the written word, looking at different styles in literature and text from Shakespeare to newspaper print and advertising. The project will help to increase young people's vocabulary but more importantly promote a love of language and an appetite to learn.

Laughter Lines runs over 6 weekly 2 x hour sessions and can be delivered during school time or out of hours

THE PROGRAMME WILL

- Unlock young people's creativity
- Encourage them to experiment and have fun with words
